

Remutaka CYCLE TRAIL

The Remutaka Cycle Trail is one of the 23 Ngā Haerenga Great Rides of New Zealand, spanning 122 kilometres across four key sections. It journeys along river valleys and bush-clad hills, lakeside farmland and rugged coastline. Whether you're walking or riding, the trail offers unforgettable day trips and multi-day adventures.

Hutt River Trail section

Petone to Maymorn (35km) | Grade 2

This scenic riverside trail follows Te Awa Kairangi/ Hutt River. Featuring wide paths that pass through parkland, cross bridges, and provide easy detours to nearby amenities. Suitable for most ages and abilities.

Remutaka Rail Trail section

Maymorn to Cross Creek (25km) | Grade 2-3

This popular day ride follows a historic rail line through the Remutaka Range. Journey through tunnels (pack a torch), picnic or camp at the Summit, and cross the iconic Siberia Gully swing bridge. Expect Grade 3 terrain on the trail from the bridge to Cross Creek.

Western Lake Road section

Featherston to Ocean Beach (43km) | Grade 3

A scenic ride on a quiet country road, past farmland and along Lake Wairarapa to the dramatic South Coast. Travel by the Wairarapa Moana Wetlands, home to rare and migratory birdlife, and down to the remote and wild Ocean Beach.

Wild Coast Track section

Ocean Beach to Ōrongorongo (19km) | Grade 4

Breathtakingly beautiful, yet remote, windswept, and rugged. This trail features rocky sections, narrow ledges, sand drifts, and some areas requiring you to walk your bike. A washout section near Corner Creek requires a beach detour, available at low tide only. Avoid Wild Coast during or after heavy rain.

KEY

Toilets	Accommodation
Drinking Water	Camp Sites
Parking	Supermarket
Train Station	Bike Hire
Eateries	E-bike charging
Active slip/narrow ledges
